In this third book of the series, the main character Sophie tries to find out who constantly attempts to kidnap her. She also tries to get to the bottom of a mysterious and deadly plague affecting the Gnomes, and her investigations show that someone might be playing dirty...

What part of the book will you not forget?

When Linh uses her power to destroy a bridge by summoning a tsunami.

While she is under the cover of Tam's shadow shield, Linh destroys the bridge to prevent some angry ogres catching them.

Plot

A boy called Murph (also known as Kid Normal) must change school a lot because of his mother's job. He and his mother could not find a new school. One day they found a headmaster and they asked if Murph could join. Because of a big and funny misunderstanding about flying he was able to join, and on the first day he found out that it was actually a top-secret school for superheroes...

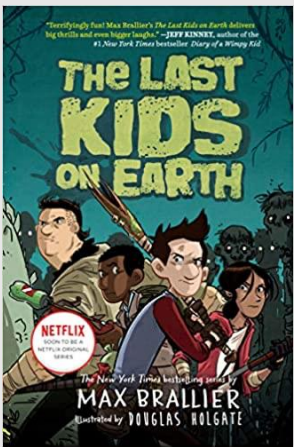

What part of the book will you not forget?

When Murph went to school for the first time and his first lesson was CT (Capability Training) and it was his turn and he did not have any powers.

What did you think of this book?

I found it cool because Murph goes to a school full of superheroes and he is just a normal child. I also like that there are not too many pictures which allows me to use my imagination.

What is the Plot ?

Jack and his friends are battling monsters and zombies! Jack wants to rescue June del toro, but first they didn't even know where she is. When they find her she doesn't even need to be rescued, then June del toro decided to come to Jack's team with Quint and Dirk.

What part of the book will you not forget ?

I will never forget that Quint is very good at science. He and his friends made a very cool car. It has: an arrow turret, bottle rocket launchers, many many boxes of brown sugar cinnamon pop tarts, storage for loot nabbed from electronics store, butter-slick slingers, tyre chains for rolling over monsters, fuzzy dice for looking cool, fuzzy mice for for scents, reinforced windows to keep zombies out, horn plays the Star Trek theme, battering ram for battering monsters. They also made a tree house fully protected with a lot of cool things.

What did you think of this book?

I think that if you like Diary of a Wimpy Kid you will like this book. I found it very cool because it has a lot of action.
